

VBOX SPORT

VBOX Sport is a waterproof, battery powered, compact GNSS data logger designed primarily to measure vehicle performance or lap-times.

VBOX Sport can be used as a stand-alone logger or connected to an iOS device via Bluetooth to see results in real time using free apps supplied by Racelogic.

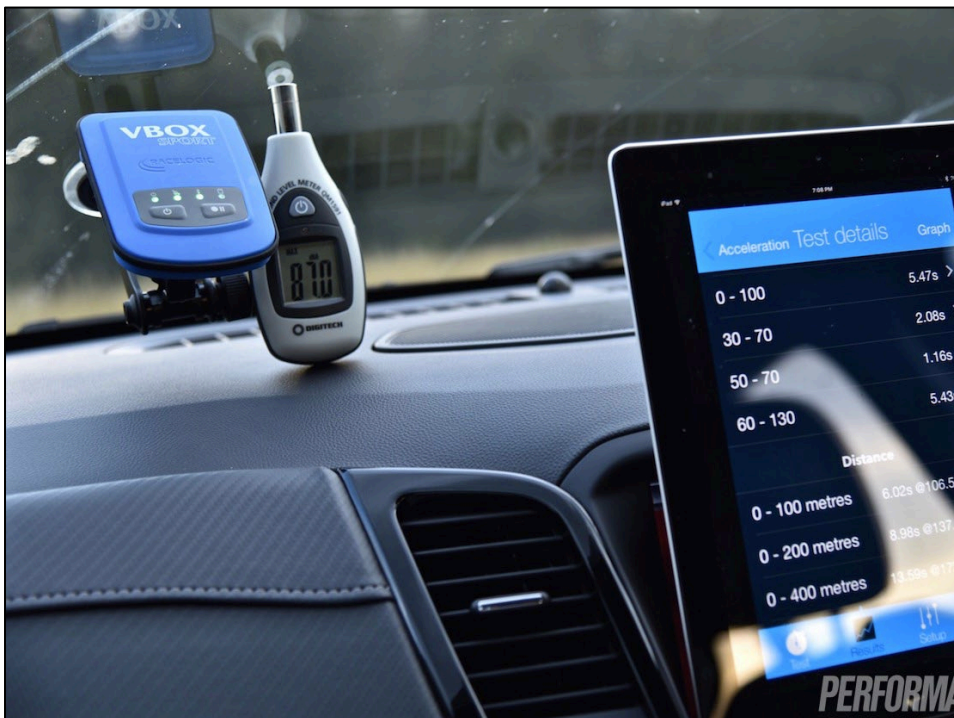

The unit is very light weight and rugged, with an option of using an external antenna, which makes it versatile for a wide range of applications.

VBOX Sport comes with a 4-prong mounting plate which will fit a large range of standard mounting accessories.
